Merriam Webster defines community as a unified body of individuals, a group sharing common interests, an interacting population of various individuals. Our community of New Hope-Solebury is that and so much more. We may stray at times to explore the world beyond Main Street but we always return to the place we call home and the people that make our community a family.

New Hope-Solebury School District has been a pillar of our community and a place our children call home on a daily basis during the school year. It is a place where we strive to inspire and empower our students to become passionate, confident, life-long learners, with the skills and strength of character to contribute to a diverse and ever-changing world.

The New Hope-Solebury Education Fund provides grant funding to our schools as “seed money” to foster innovative and engaging projects for our students. Our hope is that the projects we fund become part of the fabric of our students’ experiences here in our school district. Grants awarded by the NHSEF in 2018 include infrared cameras for HS Sciences, ceramic studio update, coding with Dash & Dot educational robots, tablets for Title I, Makerspace updates and recycling waste stations.

We take tremendous pride in serving the New Hope-Solebury School District and are committed to continuing to serve our diverse community.
